November 17, 2020

Dear Governor Burgum,

The ND local public health units support your recent strong steps, along with the State Health Officer mask mandate, to increase mitigation of the rapid spread of COVID-19.

As discussed throughout this pandemic, classic mitigation strategies to stay home when not feeling well, physical distancing, hand hygiene diligence, and wearing masks *while* physical distancing in public are individual pieces that work together in helping combat this infectious disease.

We look forward to continued collaboration while we work together to keep our communities as healthy and vibrant as possible.

Sincerely,

Theresa Will, ND SACCHO Chair
City-County Health District Administrator

Barb Frydenlund, ND SACCHO Vice Chair
Rolette County Public Health District Administrator

Sherry Adams, ND SACCHO Past Chair
SW District Health Unit Executive Officer

Lisa Hilbert, ND SACCHO Member-at-large
Foster County Health Dept. Administrator

Javayne Oyløe, ND SACCHO Member-at-large
Upper Missouri District Health Unit Executive Director
